

TQC1CAM Trailer/Caravan Camera Quick-Connect Kit

INTELLIGENT AUTO CAMERA SWITCHING

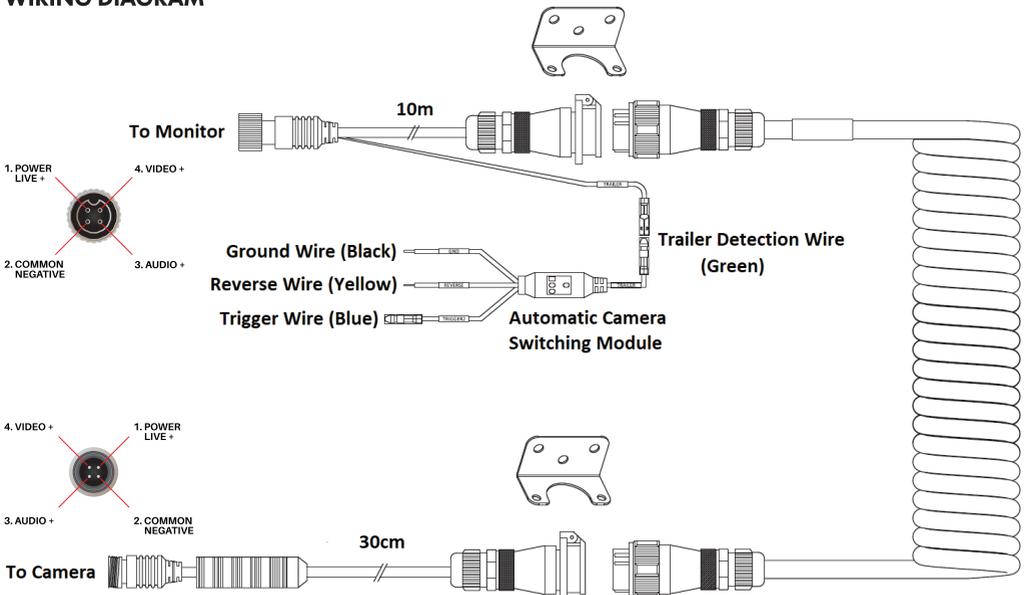

The automatic camera switching module enables most aftermarket monitors to automatically switch to the camera on the trailer while the trailer is connected and automatically switch back to the camera on the towing vehicle while the trailer is disconnected.

If this feature is not required, leave the automatic camera switching module disconnected and insulate the green wire on the 10-metre cable.

If automatic camera switching is required, follow the steps below.

- Connect the green wire on the module to the green wire on the 10-metre cable.
- Connect the black wire on the module to ground.
- Connect the yellow wire on the module to the positive side of the vehicle's reversing lamp.
- Connect the blue wire to the monitor's trigger wire that corresponds with the video input for the camera on the trailer.
- Connect the monitor's trigger wire (that corresponds with the video input for the camera on the towing vehicle) to the positive side of the vehicle's reversing lamp.

WARRANTY

Congratulations on your purchase of a quality Mobile Safety Product! You're joining thousands of satisfied customers who enjoy & experience the benefits of the products we distribute. In the unlikely event that some technical difficulty arises with your purchase, be assured that we are most anxious to see that the problem is quickly rectified to your satisfaction. Please familiarise yourself with the following simple conditions of our warranty. This warranty covers faults through component failure or failure of the product to operate in accordance with published specifications. Product failure as a result of unreasonable environmental conditions, accident, misuse, improper installation, unauthorised repair, vehicle electrical or wiring faults or neglect etc, will not be covered by this warranty. Removal and installation costs, if any, would be paid by the owner as well as any freight or postage costs of transporting the product to AUTOBACS AUSTRALIA PTY LTD and shall not be liable or responsible for any loss of use of this product or any form of consequential loss.

CONSUMER WARRANTY

This product is warranted by AUTOBACS AUSTRALIA PTY LTD to be free from defects in materials and workmanship under **NORMAL USE** for a period of **TWENTY FOUR MONTHS** from the date of purchase.

WITHIN 30 DAYS OF PURCHASE DATE:

Please return the unit for replacement to our National Service Centre or the Retailer from where you made the purchase. All accessories must be included. Proof of purchase date **must** accompany the products.

AFTER 30 DAYS OF PURCHASE DATE:

Warranty repair and service is carried out by our National Service Centre. Repair and service will be carried out at no cost to the owner if proof of ownership and the date of purchase can be verified to the satisfaction of the authorised centre concerned with this repair. This proof should take the form of either:

- The warranty card accompanying this product, stamped and dated by the dealer.
- A Tax Invoice or Receipt showing full details of original vendor, purchaser, model number and serial number.

COMMERCIAL WARRANTY

A product used in or associated with a commercial application will carry a limited SIX MONTHS warranty.

An abnormal commercial application is one where usage, dust, vibration, heat/cold and other environmental conditions exist at an extreme level.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.
